SAVE THE DATE
for AN OUTDOOR FAMILY ADVENTURE

National Hunting and Fishing Day began in 1971 to celebrate conservation successes of hunters and anglers across the country. Thirty-eight years later it serves as a perfect opportunity to introduce youth and newcomers to the outdoor sports and the vital role they play in wildlife conservation efforts. National Hunting and Fishing Day has grown into a family-focused celebration full of exhibits, hands-on activities and interactive seminars. In South Carolina, we celebrate more than 893,000 hunters and anglers annually on National Hunting and Fishing Day.

If your organization is interested in exhibiting on Conservation Lane or serving as volunteers, please RSVP no later than June 15, 2009. Spaces are limited, so please don't wait and miss your opportunity to secure your free space today.

SATURDAY, SEPTEMBER 26TH
